

Elevate Rules & Info

Qualifying Rounds

- Each round will run for 2 weeks from the published start date. You can compete at any time during this period.
- Scorecards must be handed in before 10pm on the final day of the current round.
- This is a ground-up competition meaning you are not allowed to 'work' the route.
- A successful attempt is when the route is climbed in a clean manner and the lower-off has been clipped from the final hold (no grabbing the top of the wall!).
- A successful first attempt is worth 30 points, a successful second attempt is worth 20 points, a successful third attempt is worth 10 points and a successful attempt in 4 or more attempts is worth 5 points. Holding the bonus hold is worth 1 point. The bonus point does not get added to the score if you successfully complete the route.
- There are 5 rounds in total, with a final (held after the 5th round) for the 3 highest ranked competitors of each category based on scores over your 4 highest scoring rounds.

Final

- The final shall consist of 1 route for each category with a time limit of 5 minutes climbing time.
- The fixed quota for the final round shall be 3.
- The scoring systems for the final is the highest hold reached in a controlled manner.
